

I

[I start(ed) with a killing]

Today  
I had to kill  
a boy

He was going to  
be the source of so  
much suffering

I took  
one of his  
weapons

*If I told you  
I was hurt in the fight  
would that make it easier  
for you to accept*

*would that make me  
less of a butcher*

*an honest fight  
acceptable*

*an honest slaughter  
a crime*

*the boy froze*

*but I still needed  
to finish the job*

*It was painful*

*I chose my parents wisely*

*My mother was abused*

*My father neglected*

*With them  
I experience  
how love  
can rise  
from pain*

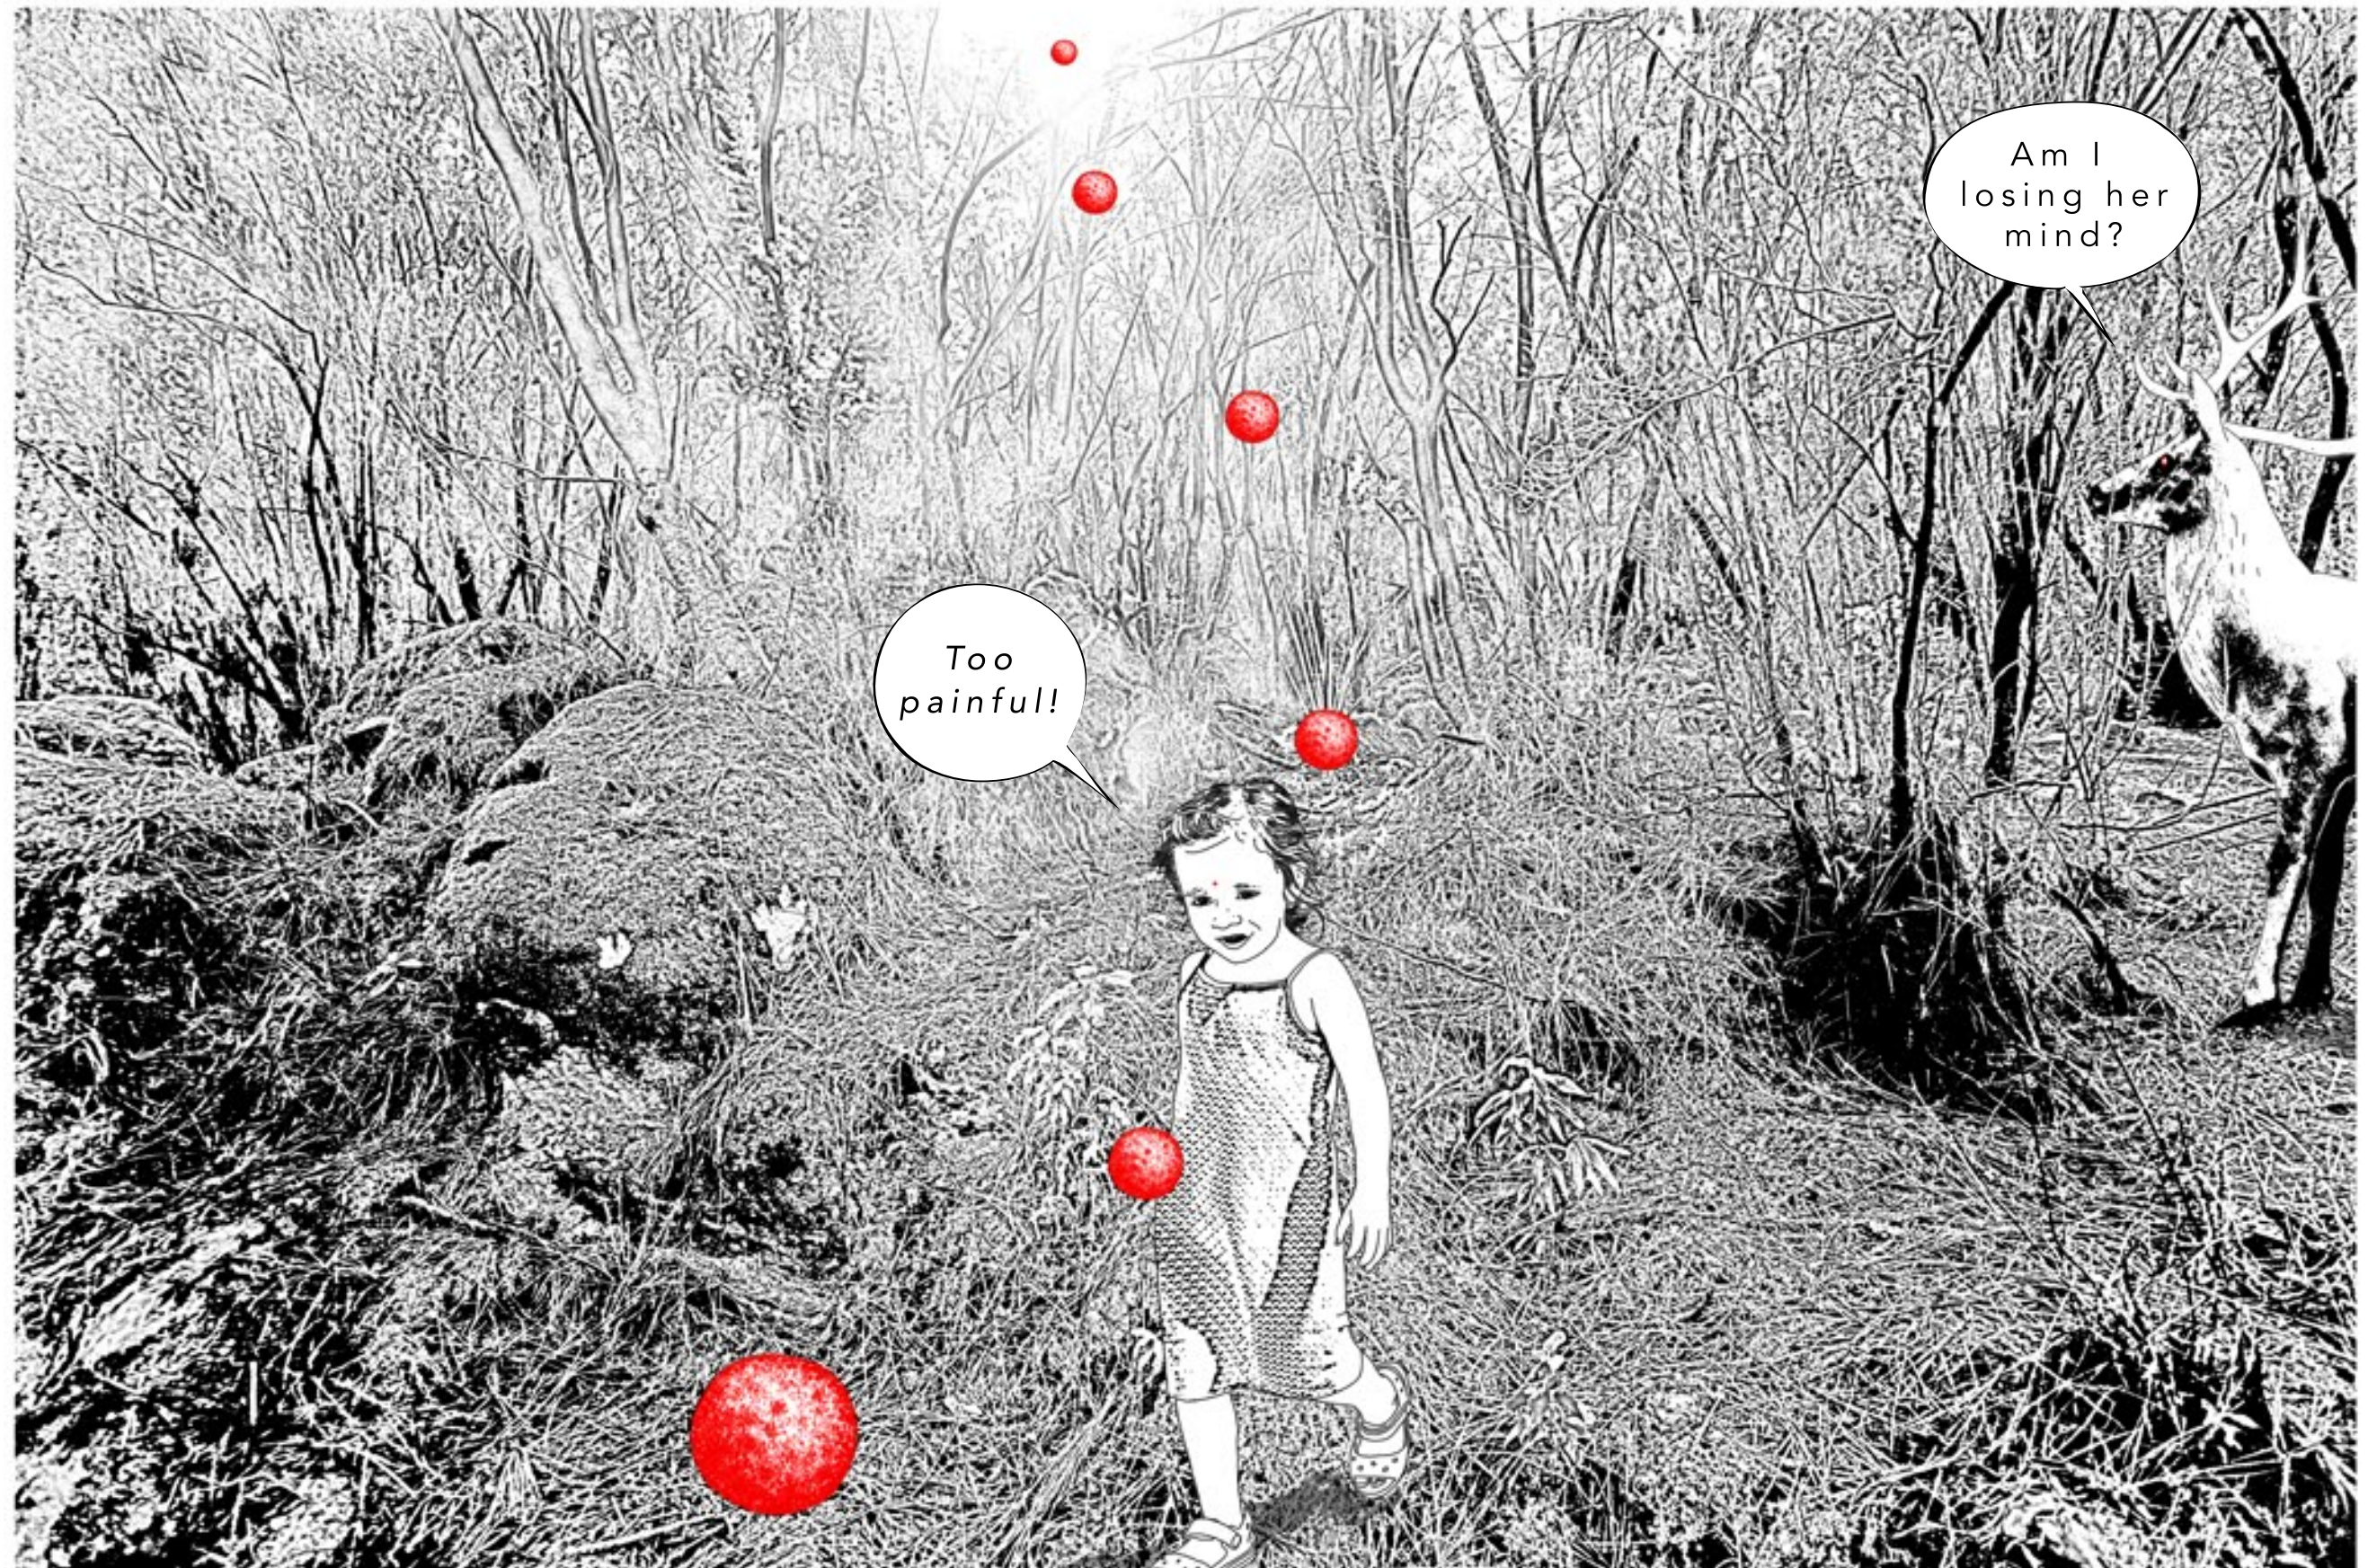

*They put  
an end  
to the cycle of revenge*

*I'm receiving  
the strength  
that's needed*

*To save them*

*To follow the right path*

*To stop the downfall*

*I chose my parents wisely*

*My mother was abused*

*My father*

*With*

*I expect*

*how it*

*can rise*

*from pain*

*They put*

*an end*

*to the*

*I'm receiving*

*the strength*

*that's needed*

*To save them*

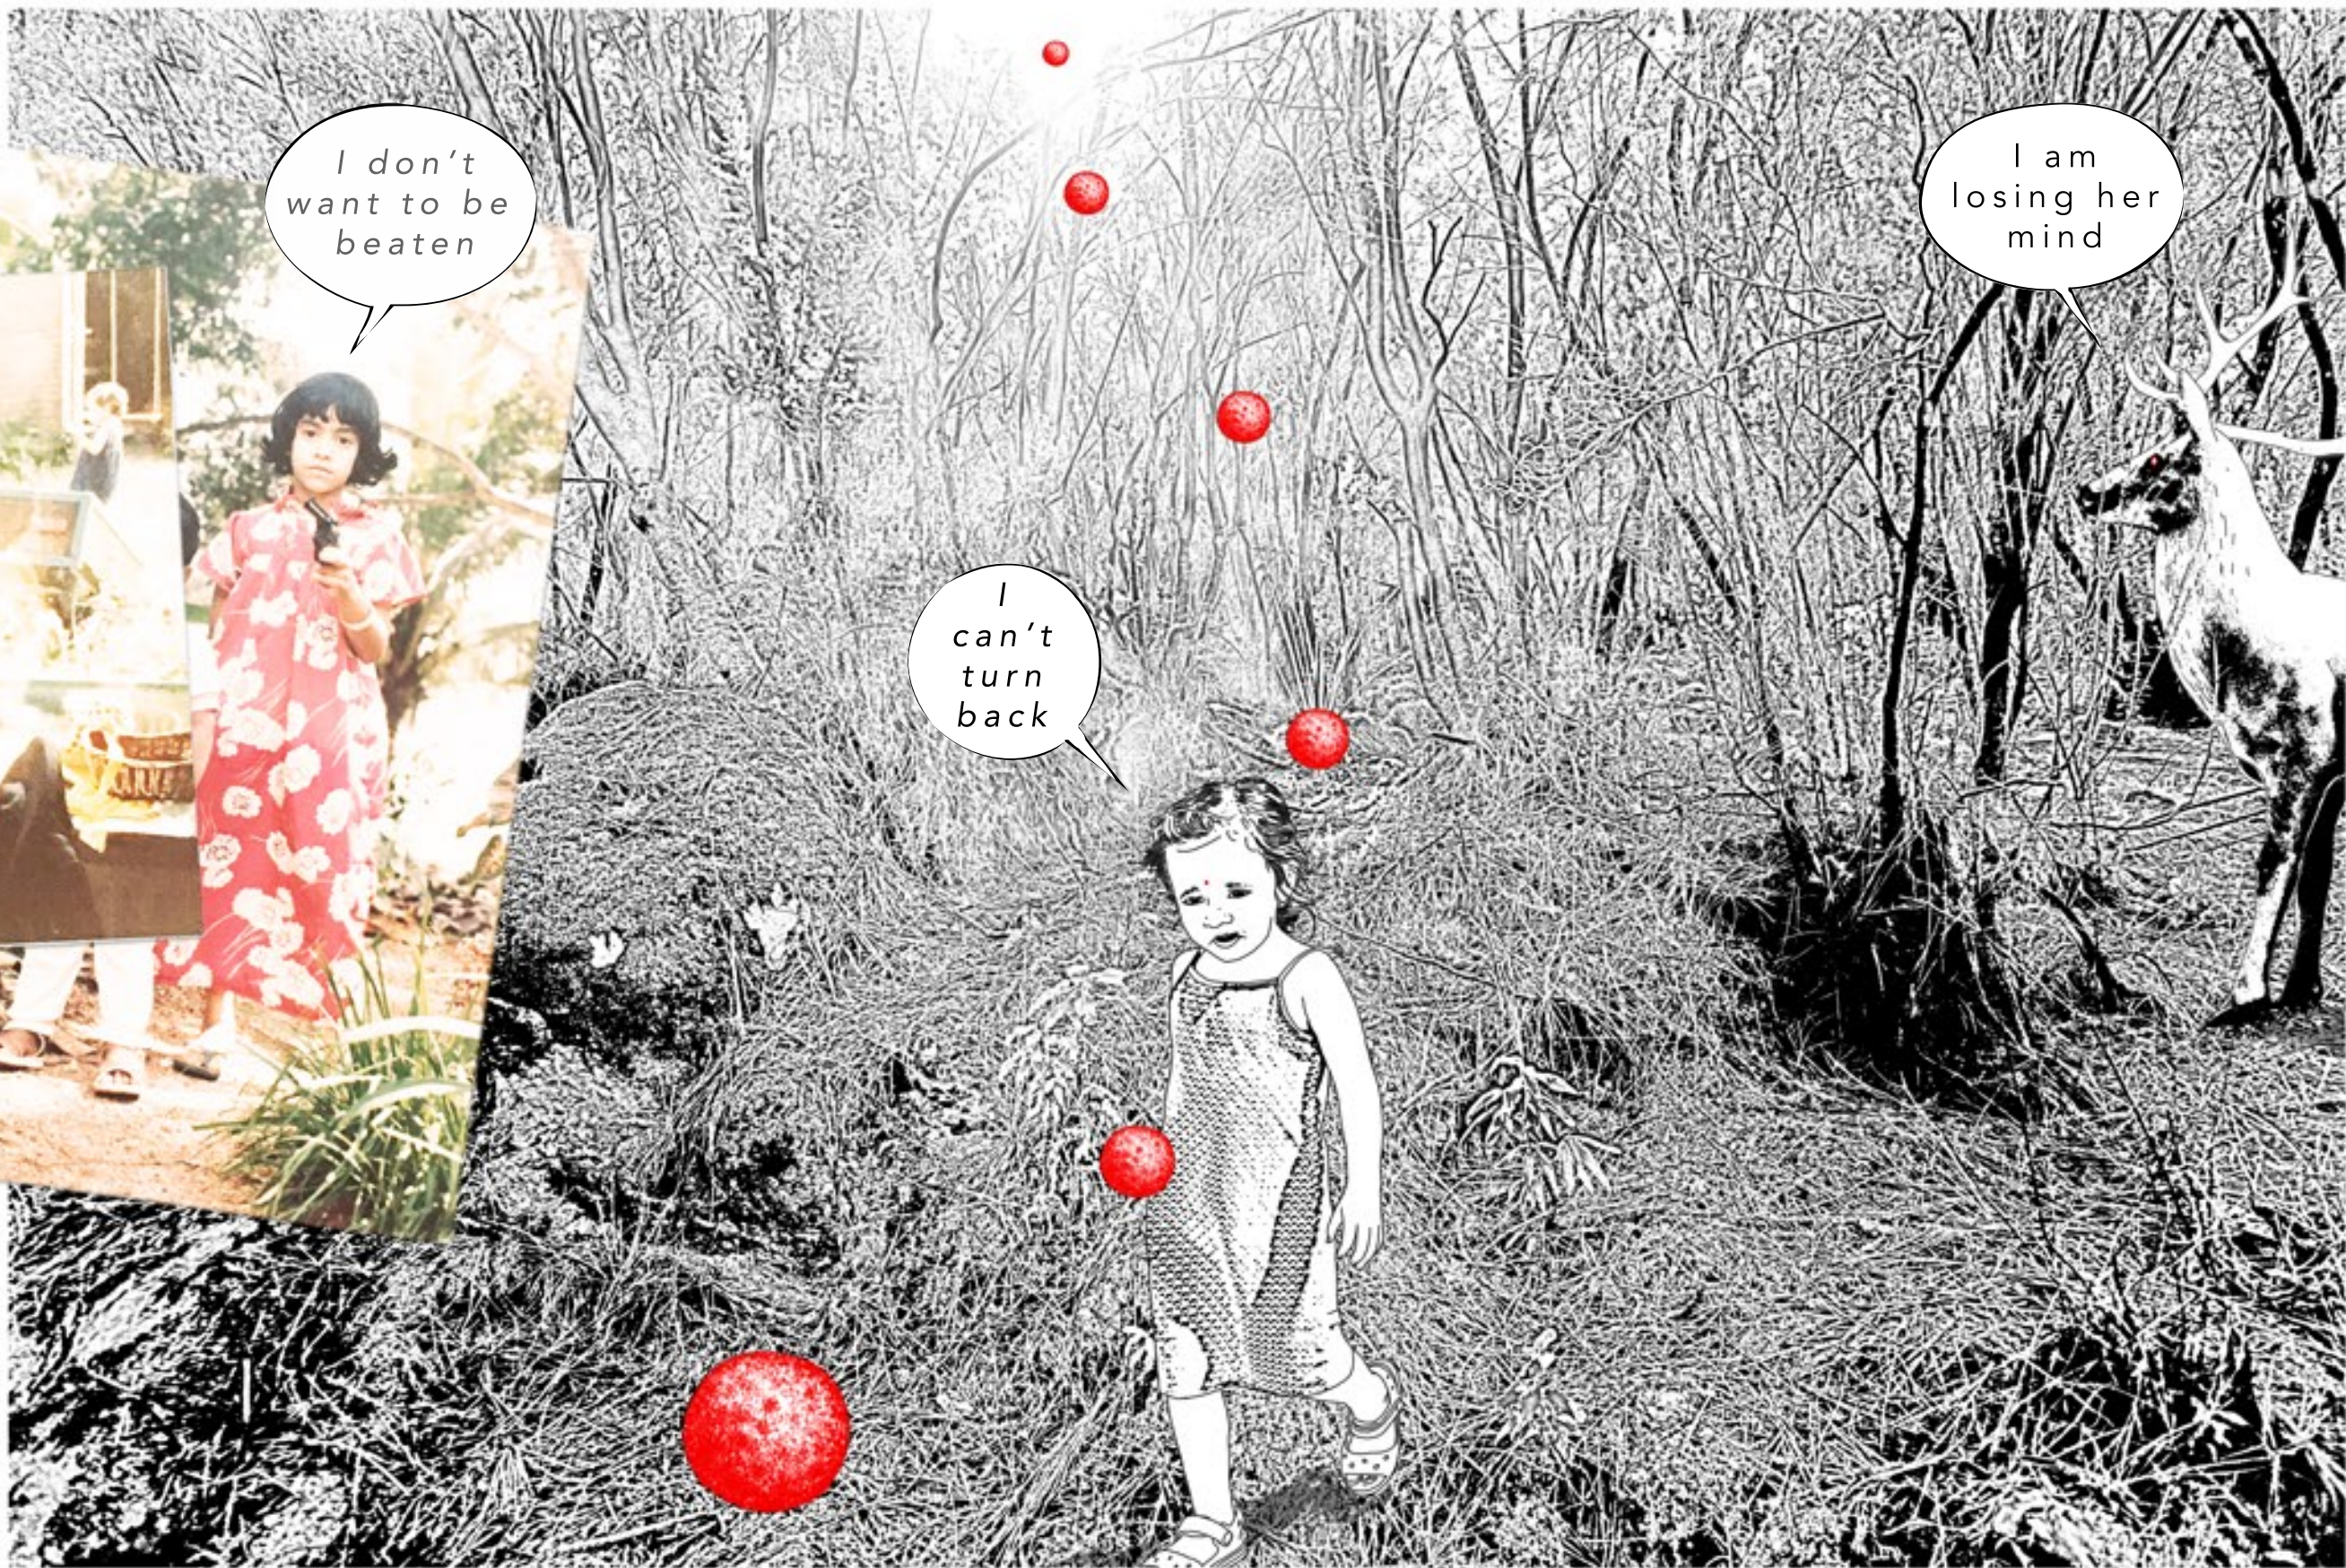

*To follow the right path*

*To stop the downfall*

*I don't want to be neglected*

*I don't want to be beaten*

*I can't turn back*

*I am losing her mind*

*I chose my parents wisely*

*My mother was abused*

*My father*

*With a*

*I expect*

*how*

*can*

*from*

*They*

*an*

*to*

*I'm*

*receiving*

*the*

*strength*

*that's*

*needed*

*To*

*save*

*them*

*To*

*follow*

*the*

*right*

*path*

*To*

*stop*

*the*

*downfall*

*I shouldn't have killed that child!*

*It is okay  
Irisa*

We can  
change the  
narrative

The murder  
already drew  
them in

It has  
done its  
job

It does not  
need to happen  
any more

We will  
let him be  
the destruction  
he is to be

How he  
turns out  
we don't know

He has disappeared  
from our radar

One  
of so many  
lost to evil

There is no blood  
on your hands

It was just a dream

It was just a story

Then they will leave us

Then they will stay
